

## **FLEXIBLE SEE-THROUGH BOUND DOCUMENT ASSEMBLY**

### **ABSTRACT OF THE DISCLOSURE**

A semi-flexible binder has a transparent cover with a frame coated on it and a pocket on the inside of the cover to retain visual material to be seen from the front of the binder. The pocket sheet material may be secured along two edges of the cover to facilitate quick insertion of the visual material. Also included are (1) computer aided preparation of visual material; (2) a partial pocket integral with the rear cover; and (3) optional index dividers.
